PLAYIN' AROUND CHARACTERIZES STUDENT LIFE ...

Fun didn't always have to do with school related activities. Exciting memories often included traveling to the Bay area to watch a favorite band play, hanging out at the water side or attending camp.

Most of the best memories were made while being out and about with friends. After each weekend one could often hear excited SM students regaling a story only to exclaim, "There's more RAMBUNCTIOUS times ahead ..."

Drill and Cheer both attended camp this past summer. Drill was evaluated at U.C. Santa Cruz during the month of August. Drill won the superior trophy, similar to first, on their

routine evaluation and a spirit stick for their team unity. Cheer was at Chico State during the month of July. Cheer WON IT ALL! Superior in all categories. Frosh, JV, and Varsity won their divisions. Ben Gay was a relief to both teams.

Four SM juniors attended the Yearbook West Conference at UC Santa Cruz for one week in August. Christine Fulmer, Kris Barr, Chris Weber and Chris Patridge were labeled the Chris' from SM. Their advisor, Yvonne Gillmore, also participated in the intensive training session. Christine Fulmer placed 2nd in beginning photography competing against 300 students.

THE FRESHMEN ARE BACK

As the day of freshman registration came, there were nervous looks all around. At registration, the upcoming freshmen class saw the first signs of being an underclassmen. Wandering around, looking utterly lost. You could hear them mumbling "How do I get to A hall, B hall, locker 312 . . ." At the freshman breakfast, the students were able to relax and get to know one another. One of the main conversation topics was about the new fresh-

man hats. As tradition dictates, all freshmen must wear their hats for the first week and wear them with pride. If not worn, they were the subject to the mercy of the seniors. As nervous as the freshmen were, the parents were even more so at Back to School Night. At that time they were able to meet the teachers and talk about their students plans for the year. Throughout the week, the class of 1991 demonstrated spirit and enthusiasm about being a freshman.

"Bring em on!" says Mr. Cardoza as he cooks pancakes for the Frosh breakfast.

Homecoming is an event that we all look forward to each year. For incoming students this is a time to meet new people and experience 2 weeks of exciting school spirit. This gives past graduates a time to come back and see new and old friends.

Homecoming started on Monday with posters and decorations being made by students, at the "lock in". Tuesday, students came to school with crazy shades and hats of all different shapes, sizes, and color. The students were given an hour lunch to vote for this years king and queen. Wednesday was classic dress up day. Students came in costumes re-

presenting the 60's.

Saint Mary's went to the country on Thursday. This day gave the students an open opportunity to dress as the Lone Ranger and Annie Oakley. The coronation of the King and Queen took place at the night rally. On Friday, the students came back from MTV land and dressed in green and white. The big highlight was the Rams vs. Delta Kings. At half time, the court was honored as they toured around the football field. The activities made an exciting Homecoming Week for King Ralph Lopez and Queen Raissa Marisagan.

PEACE AT ST. MARY'S

The 60's were a time of change. From President Kennedy to the Rebellion of American youth. It was a time when the unconventional was the norm. America was alive with challenging questions and colorful characters. It was a decade that affected America and a day that affected St. Mary's.

Students (and some teachers) dressed like the students of 20 years ago. Peace symbols, flowers, tie-dyed clothes, and love beads were everywhere. The menu, was tacos, burritos, pizza, ice cream, and baked goods. As one junior commented, "It was a really groovy day."

A group of seniors enjoy their lunch.

Stephanie Aldana and Terri Thompson kick up their heels.

Freshman, Denise Likong, rests during the excitement of the one hour lunch on Wednesday.

"HOWDY FOLKS"

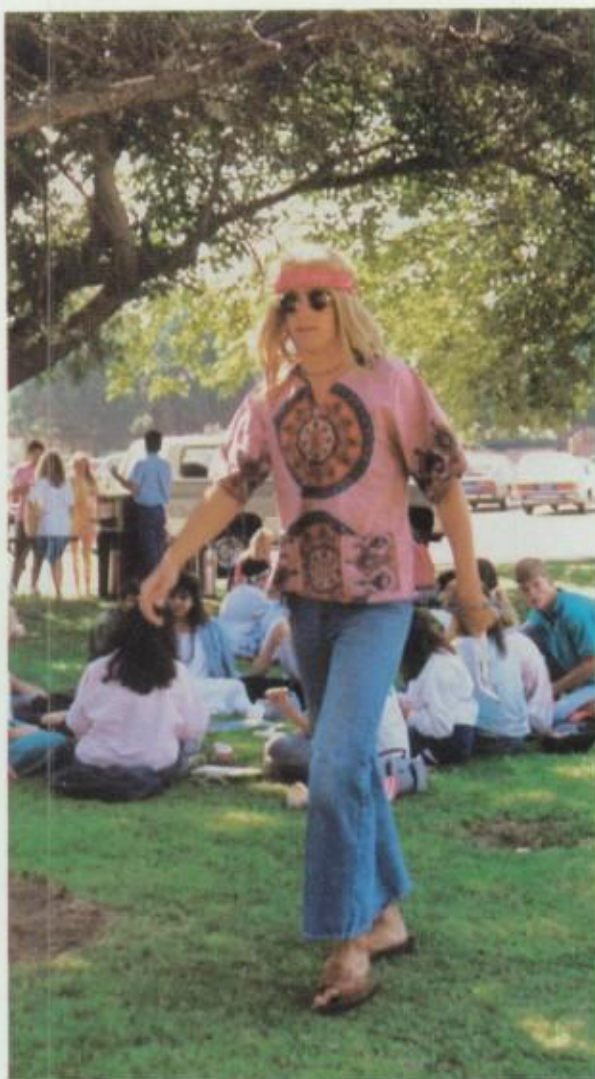

Barbara Willard's mother let her grow up to be a cowboy.

One of the big activities that went on during homecoming week was country western day. This is one of the few days that the students and some teachers take advantage of getting out of the school dress code. Cowboy boots, hats, bandanas, and especially jeans were the main clothes worn throughout the day.

The day would not be complete without some good old western music. So, the P.A. graciously supplied us with some cool country tunes in the morning before our usual, "Goodmorning RAMS."

Some students dressed for pleasure, some dressed for change, but most dressed to show their SM spirit . . . which is the reason for homecoming week.

Greg Weaver struts his stuff.

"Gitty-up!" shouts Lorna Schmidt to Andrea Gibson.

ROLLICKING EVENT!!

Faces lit up as Luigi Gherardi announced the 1987-88 Homecoming Court. Names and faces we have known for four years suddenly became royalty. Thursday night, October 8th, the spirit week was coming to an end, but there was one more activity, the one all the students were looking forward to, the crowning of the 1987-88 Homecoming king and queen. This year the nominees for king were Tim Perkins, Chuck Natividad, Greg Weaver, Ralph Lopez, and Dave Mazzera. For queen, Wendy Wilcox, Renaye Vignolo, Terri Thompson, Raissa Marasigan, and Stefanie Aldana were nominated. Tension started when Luigi announced the returning homecoming king Brian Boyer, and queen, Rachelle Sanchez to crown the new king and queen for the 1987-88 school year. With the crowd on the edge of their seats, Luigi announced the winners. The 1987-88 Homecoming king and queen, Ralph Lopez and Raissa Mersigan were crowned.

OUT TO LUNCH!

Decisions? Decisions? Where can you go for a 35 minute lunch? Unlike other area schools SM students must quickly eat their lunch and rush back to class. Drive-thrus have been a very popular spot to catch a glimpse of your favorite SM student!

Wednesdays are a very busy day because the Juniors have the option of leaving campus for lunch. Seniors stay on campus because of this.

We asked Junior Joe Cobarrubias how he feels about the privilege of an off campus lunch, "I like it but I wish it was longer." Seniors, Diane Combs and Julie Thomas stated "We think it is good but we need a longer time period."

After Hours

After Hours-

While some students are working or worrying about getting a job, others are preparing and participating in athletic activities. When the bell rings at 2:30 p.m., for some students their day is only half over. Paula Emige states, "After school I hurry to work at Miller's Outpost." Rick DeCruz says, "After school I have Basketball practice." Although some students may work or have sports practices after school, others seem to enjoy talking after school with their friends, shopping or going home and for an hour watching their favorite soap before starting their homework.

Brett Safford and Steve Nesmith review the latest books.

Greg Fichtner and Julie Gabbard pose together after school.

The between class rush fills the halls of St. Mary's.

Mon.

Jenifer Martin waits for her ride.

Kevin Simpson hears the latest gossip from a friend.

So, where's the bell?

Monday-

"I hate Mondays!" exclaims Garfield the famous cartoon character, as well as many St. Mary's students. Getting up early after being able to sleep in late on the previous weekend is a killer in itself. Monday's are not only a beginning of a school week which includes homework and tests, but also the beginning of after school clubs, practices for sports and after school jobs for others. It is also the day student council has its meetings.

Tues.

Tuesday-

Tuesdays are hopeful. One day of the week is down and only four more to go until the weekend. Most students have settled into their regular routine. Homework, tests, quizzes, essays and after school jobs seem to weigh down on the students. Most students seem to be able to cope with the sometimes endless weeks of school. There is always the thought of the weekend being like the light at the end of a tunnel . . .

Brandon Murray studies hard.

Wed.

Matt Wallace carefully mixes water with toxic waste.

Cherie Waters and Amy Caya-bayab converse about the week-ends festivities.

DAYS OF THE WEEK

Wednesday maybe a mixed reaction. From the pessimist there are still three days left in the week, and from the optimist they look at it as the week being half over. Of course when the day is over and it is time to go to bed we all look forward to an extra hour of sleep in the morning.

Thurs.

Dana Murduck turns for a quick shot while others stand around totally unaware of what is happening.

On Thursday students at S.M. come to school in a happy mood since they just had an extra hour of sleep, and they know that the weekend is soon to come. This is the day to find out when and where the parties are, along with other weekend activities.

etc..

The weekend has come and finally a day to sleep in as long as you want, unless, of course you have to work in the morning. But the day has just begun. Friends get together to discuss the evenings festivities which could consist of anything just as long as its fun or obnoxious. Sunday is the day of relaxization when we spend time with our family. Then it's to bed early before the week begins again.

"With this face I could do wrong?" asks Ben Rishwain.

Late Again

You know the feeling it's 8:15, sunny, and your supposed to be awake trying not to fall asleep during one more boring lecture which is hard work. Getting excited is harder still. Hold in there only 6 hours and 15 minutes till freedom.

"Caught me again," says Sarah Yang.

"Should I stick my hand in there," wonders Clare Barnes.

▲ Diane Freeman loves having a top locker. ▼

Doodlin' Daze

Some classes are boring and some are interesting. By the middle of the day, everything seems boring and you tend to daydream about afterschool and the weekend to come.

Mark Tacatac and Jason Doyle kick back for a snooze.

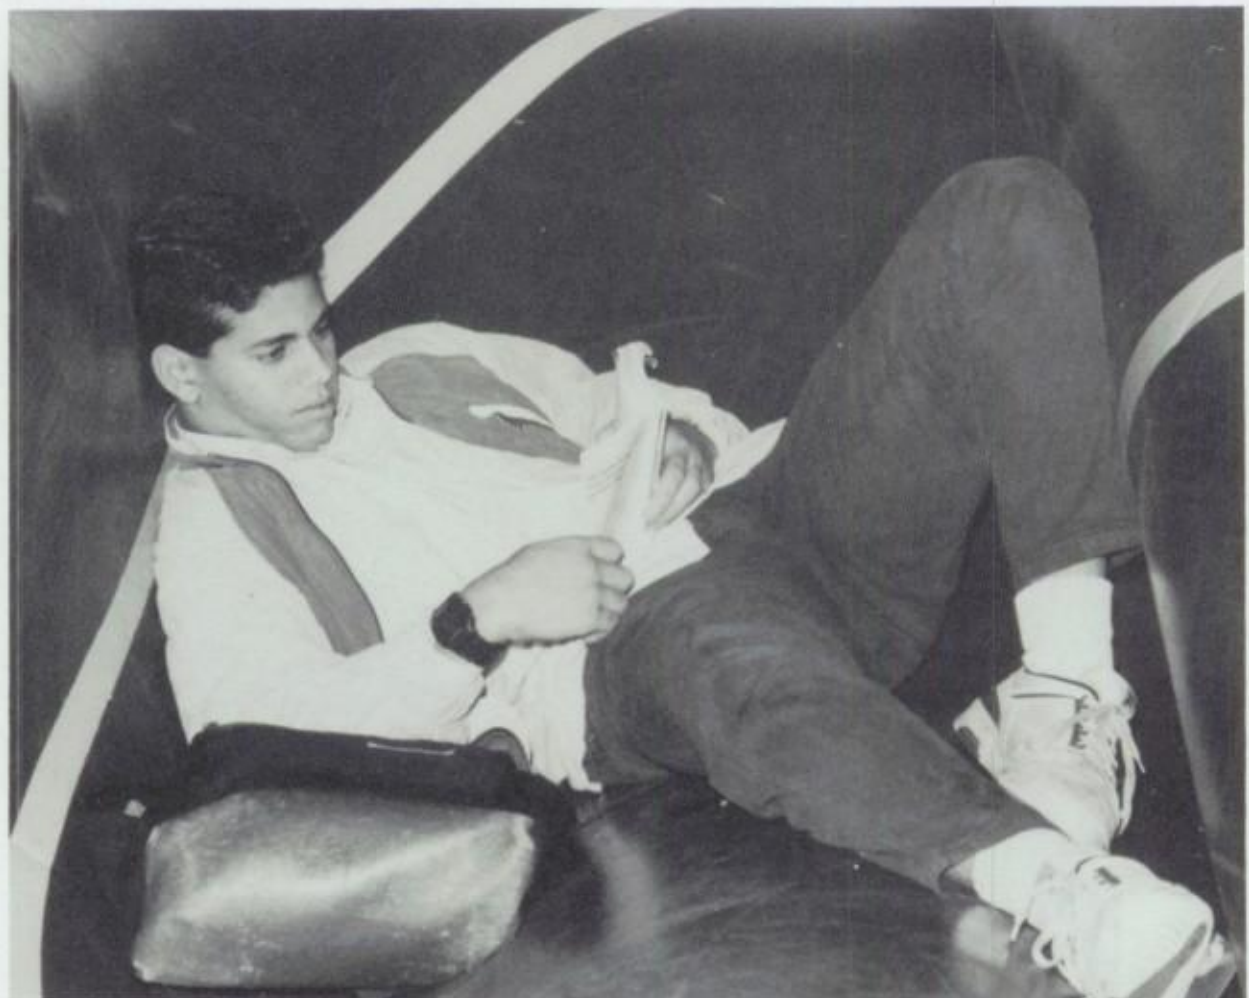

Some students decide to sleep instead of read.

"Mr. Harper, is that supposed to happen?" asks Brian Severin.

"Wake me up when the bell rings," states Corey Fries.

Fads & Fashion

Fashion statements dictated the unique, bizzare, different, or plain weird, worn by new wavers, rockers, preppies, jocks and punks.

Changing with the times, western wear, influenced by the jean jackets and assortment of different colored cowboy styled

boots appealed to one segment of students. For the in-look of a new fashionable appearance the girls and guys wore various colors of polo shirts with matching thread trinklets on their arms and ankles. Fashionable hair clips are worn by many girls, and wild high tops were seen

on guys.

St. Mary's shows its individuality by having students come dressed in a dress code. Over the weekends its a different story.

How Embarrassing?!

Once in a while something happens to you. Something embarrassing. It is so bad that you want to stick your head in the sand and keep it there. It always seems to happen at a crucial moment. Whether it is trying to impress that someone special, or just giving a speech to a class. Your cheeks start to flush, your palms start to

sweat and your friends laugh hysterically. Embarrassing, a term which commonly describes the freshmen hats, this year, taken new dimensions. So if something embarrassing happens to you, just remember that you have three more years here. No one can remember something that long, or can they.

CRUTCHES AND SPLINTS n'

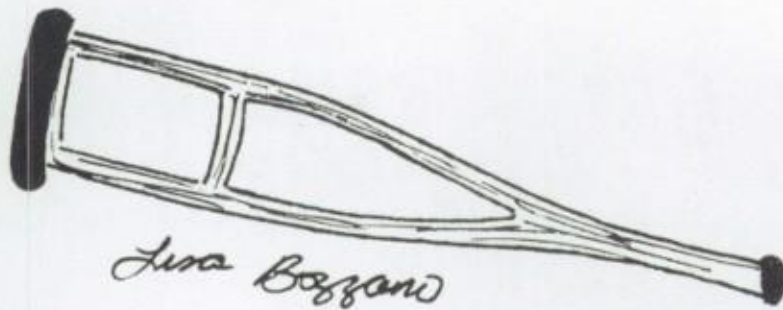

Splints, casts, and crutches. A sign of clumsiness or heroic athletics. The flood of wooden and synthetic accessories indicated that many people at St. Mary's are involved enough to get hurt. Not in full uniform but definitely in full spirit. Many S.M. pupils will continue to watch from the sidelines.

Many of the S.M. athletes were injured before or right after they began playing their sport. Many injuries occurred around to the arms, legs, and hands. Unfortunately by the time the injury was healed the season was over. It was then time to move on to bigger and better injuries.

Jason Newell uses his crutch as an aid other than for his leg.

Movin' Along

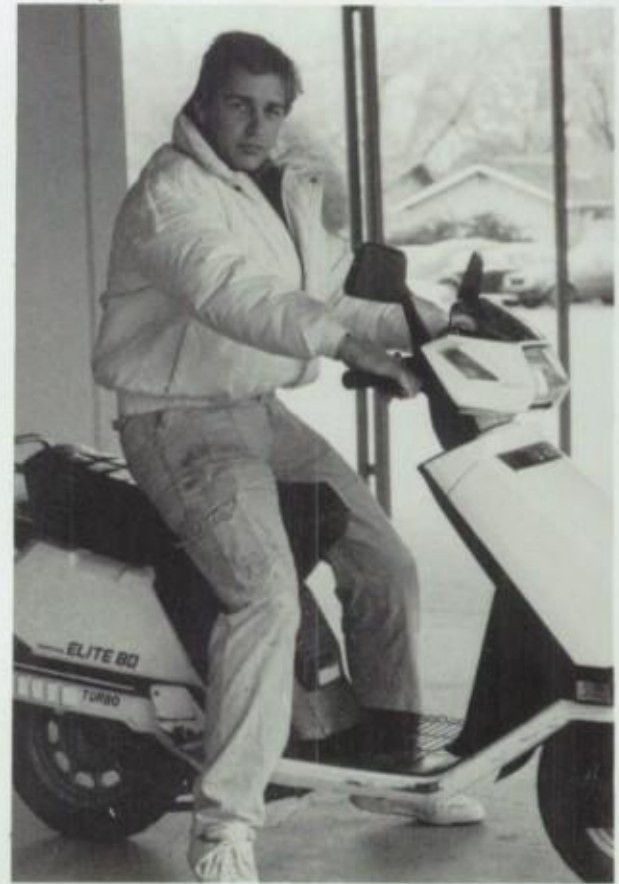

Within minutes after the final bell rang, over half the student population piled into the parking lot. Those without keys in their pocket, usually tried to bum a ride off one of the lucky ones who could drive. "Since we live so far away from school, we've been driving since the day we turned 16. That also means getting up earlier just to get to school by 8:15," explained seniors Sam Warmerdam and Christine McGrath.

The solution for a selected few was to

have an older brother or sister drive them to and from school. "My friend who lives by me brings me home when I don't get to use the truck," states Mike McCann.

If a car wasn't handy, students resorted to one of the other means of transportation such as riding a bike, skateboard, or moped.

Summer transportation by most freshman and sophomores was skateboards or another source was to take the "smart" way home.

J.J. Jaramillo uses his moped to "scoot" around.

In the News -88 in the brief

Squabbles

This was also not a good year for television ministers. T.V.

evangelist Jim Baker and his mascara laden wife Tami Faye were haunted by the secrets of years past. Jim Baker was accused of offering a considerable sum of money to Jessica Hahn for an exchange of personal favors. This discovery led to the spread of many seedy rumors, true and untrue, about both Bakers' personal habits. They were also accused of embezzling PTL capital for personal uses.

Secrets

This was a bad year for the Reagan Administration. The

Iran-Contra deal became to the '80's what Watergate was to the '70's. During the whole ordeal Lt. Col. North became a one-minute hero to many Americans for his "loyalty" to his people and to his country.

Scandals

This was not a good year for presidential hopeful Gary Hart. It began

to fall apart for the former democratic senator, last summer when he was uncovered yachting with model Donna Rice off the coast of Florida. Outside pressures arising from the "embarrassing situation" forced Hart to withdraw from the race. Last November he favorably re-entered the race and declined to answer questions concerning his affair. Again, he got caught when he was accused of receiving illicit campaign funds. He didn't withdraw this time, he only bowed his head shamefully, declined to answer questions and returned the funds. What's next Senator Hart, unpaid parking tickets?

Only Once Every 4 Years

As we all know, 1988 is the year of the Olympics. These Olympics have a special significance as the U.S.A. and the U.S.S.R. are both competing along with 136 other countries. The Winter Olympics kick off on February 13 with the U.S. taking on Australia in ice hockey. Summer Olympics will be held mainly in and

around Seoul, Korea. The Winter Olympics include such sports as ice hockey, figure skating, and various skiing events to name a few. The Summer Olympics include basketball, soccer, volleyball, swimming, track and field, and other various competitions.

Twins

Carrie and Sara Betz share a peaceful moment.

There are two types of twins, identical and fraternal. Even though there are many differences between them, they have one thing in common: they love to disagree. They argue on many things from who gets the car on Friday night to who does the dishes. Just ask Carrie and Sara Betz who say they "disagree on everything." Since most twins are expected to act the same way, they usually go out there way to be different. Renee and Rhonda Gianini argue about Renee having to pick up Rhonda from Christian involvement. Even though most twins will not agree that they share a friendship, there's is a unique friendship that can only be enhanced by a few friendly squabbles.

"What do you disagree about most?"

"Everything," says Peter and Paul Gonzales

Andrea Olivarez was the school's top seller.

The 1987-88 Ewe Draw

The 1987-1988 Ewe Draw was another spirited St. Mary's fundraising success. Although we fell about \$3,500 short of our goal of \$45,000.00 gross sales income, the net income to student activities and athletics was \$27,461.45. Portions of this

net income was distributed to the school clubs and organizations and to the athletic department. This year was the first year administrative personnel won the Hawaii trip. On the all and all, the 1987-1988 Ewe Draw was a great success.

Junior Class Unity Mass

There are many reasons for the Junior Unity Mass. The major reason is in the title of the mass itself, to unify the junior class. This mass also incorporates the second idea of blessing jewelry. Class rings and pins have always been something special for all students. It's something for the future to remember all of those wonderful high school days. The mass, in which the rings and pins are

blessed, is also a special night. Students attend this mass because they realize that they have been at Saint Mary's for 3 years, and that the mass will give them the chance to become unified with their classmates before they go to college. This mass reflects on the juniors because they know there Unity as one will soon be over as they all go there seperate ways.

Bro James and Brad Pejack prepare the music for the Junior Class Unity.

Katie Gough leads the junior class in a reading at the Junior Class Unity Mass.

Student Unity

Masses at St. Mary's are provided so the students have the opportunity to practice their religion at school. All the masses at St. Mary's are on Thursday mornings during the hour most of the students take the opportunity to sleep in late. The masses give the students and faculty the chance to share in the mass together. The students take part in the masses by either helping with the decorations or by actually reading scripture.

Dena Barosso enthusiastically leads the entrance procession to the Thanksgiving Mass.

A group of St. Mary's students carries a chain of special prayers in the Thanksgiving Mass.

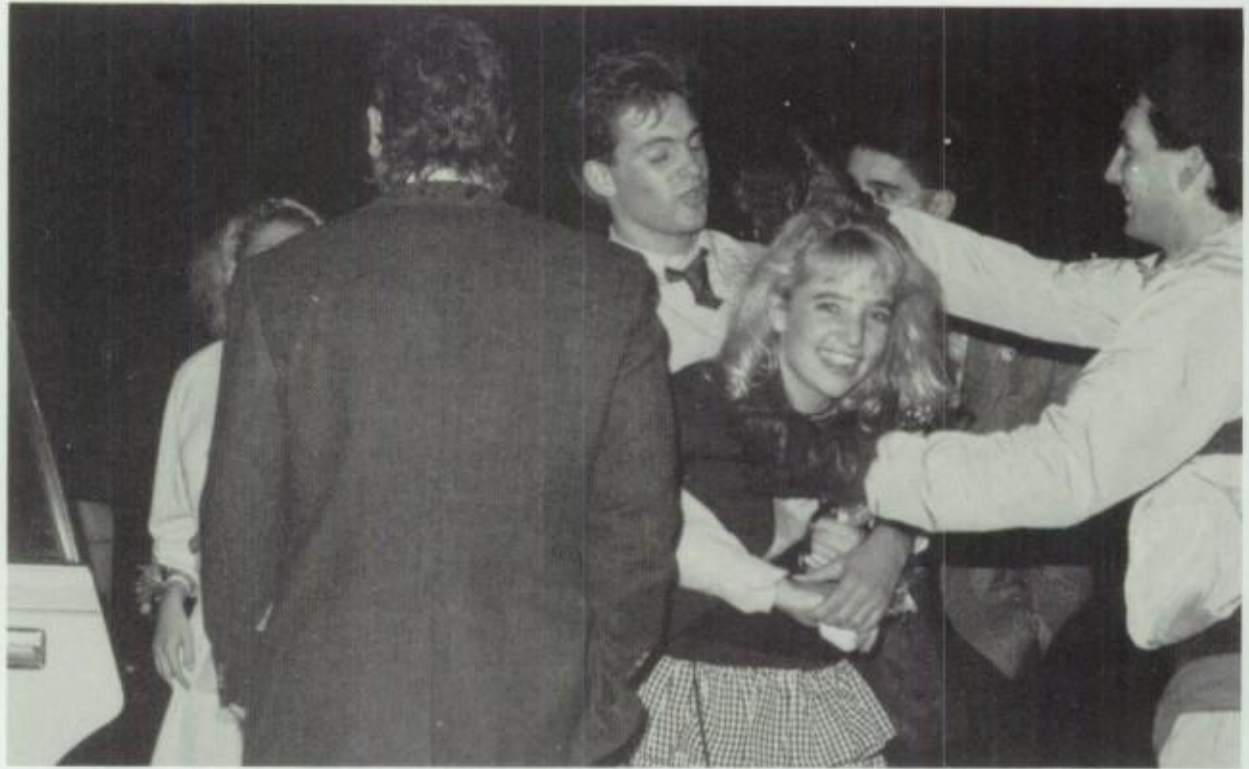

During the Thanksgiving Mass the choir resights a prayer after Father Kelley.

The Snowball

The Winter Formal, a St. Mary's tradition, is one of the best events of the year and the most popular. This could be because it is the only formal dance all classes are able to attend. The theme of this year was the "Snowball", which was a hit. The cafeteria was decked in the holiday cheer and the students danced the night away to a D.J. Although most freshmen and sophomores usually have to be chauffeured, many juniors and seniors arrive in style by limo. However you arrive and whoever you were with, the night was filled with music, friends and romance.

Some students arrive in class by limo service.

BATTLING THE ODDS

It was a disappointing season at SM, the Rams had to tackle many obstacles. Even at the start the team was smaller than expected. In addition to that, early in the season they lost twelve players to injuries. "The early losses had an effect on their attitude", said coach Jeff Caton.

The Rams also had difficulty getting accustomed to their new coach and his methods.

"The season discouraged some of the players, but they never gave up . . . they went out and did their best," said Caton. There were some highlights to the season. One surprise was when the Rams pulled out a victory over Manteca, 10-7, in

a pre-season game. Unfortunately, the remainder of the season was not so successful. Despite that Ram fans stayed loyal!

Next season is a different story according to Head Coach Caton, "We have a good team coming up and they have a good attitude." Next season St. Mary's is looking forward to a rewarding year, possibly becoming #1 in the S.J.A.A!

JV Football

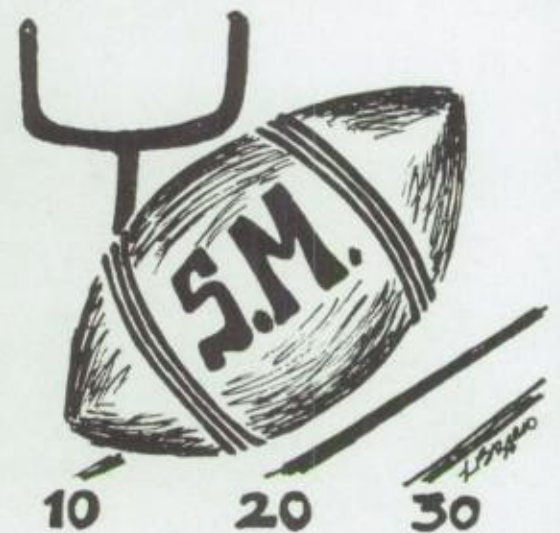

Due to the lack of players coming out for the freshman and sophomore football teams, this year they combined to form one team. With a team of forty-two outstanding freshmen and sophomores they were able to play extremely well and win praise from all of their fans. This year, unlike in the past, the JV game was the

highlight of the night. The games were extremely exciting and reached high scores, averaging almost 20 points a game against very tough opponents such as Napa Vintage, Tracy, and Lincoln. As always, awards were given out to the players who played the best at their positions. This year the most valuable player

was sophomore Gilbert Somera. Most improved went to freshman Scott Edwards. Lineman of the year went to sophomore Jason McCandless and the "Back" award went to sophomore Aaron Misasi. All the players were extremely happy with their performance in making St. Mary's a major football power once again.

"We had a good year and many good players who will help us out next year in varsity." Gilbert Somera

Danielle Peirano debates whether to bump the ball or catch it in her mouth!

The SM varsity volleyball team had its ups and downs, but in the end they came out on top. Though they didn't make the playoffs they were still represented in the all league nominations. Senior, Dena Casciaro, made first team all league. Two Juniors, Erin Riesenbeck and Darcey Aberle and a freshmen, Denise Rotert made the

2nd league team. Recieving honorable mentions were Junior, Danielle Perano and Senior, Andrea Olivarez. Aside from all the awards given the girls together as a whole were very strong. When the final team awards were presented Dena Casciaro recieved the most valuable player award, Andrea Olivarez was the most im-

proved player, and Darcey Aberle recieved the coaches award. Although the teams overall record was 11-7, they were still able to keep their enthusiasum high and played as a unified team. The volleyball team would like to thank all those who came to support them in making the season a great success.

Deanna Nelson is intrigued by the pre wrap, while Dena Casciaro becomes water logged!

"I felt we were a strong and competitive team. Even when it was apparent that the sections were out of reach, we all still gave a hundred percent. I feel that we really learned and improved a lot this season. Next year we should be even better." Gia Biagi, Junior.

JV Volleyball

Saint Mary's JV Volleyball team had an exceptional season. They won 4 out of 7 games in the 1st half and came out undefeated in the 2nd. SM also tied Lincoln for second place in the SJAA. The season has finished with a record of 11-3. Captains Lisa Basso and Jennifer Blinn iced the rams though their winning season. The award for Most Improved Player was awarded to Amity Fedeldy and most valu-

able player to Lisa Basso. Way to go girls and the best of luck for next season.

After having an outstanding last year, expectations were not high for this years team, but with good young runners and strong leadership from the older players the team proved to be strong and exceeded most of their expectations. Varsity boys led by senior Steve Garcia and senior Al Morales surprised everyone by trying for third place even after losing six great runners from last year. The team made the sub-sections in the junior category and placed fourth. The varsity girls were a brand new group of runners most without any experience at all but with

leaders Chris Wilson and Carolyn Stirton, Amy Terra, and Veronica Vargas the team finished five and two in League and placed third. Also making sub sections in the frosh-soph category placing fourth. Coach Doc Langan was very pleased with the way the varsity girls year went and with a great deal of young runners he is looking forward to next year. Frosh-soph boys placed fifth and have some promising runners such as Randy Bling and Fred Jones. Congratulations on a fine year and we are looking forward to watching the team next year!

Varsity Tennis

The 1987 tennis season was an overall success, even though they did not come in first place. The teams spirit's was extraordinarily good. As the season started out they were high spirited and eager to become number one in the league for the second year. Their main rival for the year was Lodi.

When they first competed against Lodi they lost, then as the season progressed S.M. won all the other league matches. By the time the team had to play Lodi again

they were determined to win. But Lodi was just a little to tough for them that time. As the season went on Lodi and St. Mary's records were tied. In their second to last league match they played Tracy and lost, do to the fact that they didn't have their full line up. That then put them out of first place and into second. Although the team wasn't able to go to the sections in '87, they are all eager to try their best in the '88 tennis season.

Without the services of two returning all league players, beginning hopes weren't to high. The team finally pulled together and played their kind of ball. The team was able to play extremely well in all the tough games; beating Lodi, tying Lincoln, and bearily losing to league champions

Varsity Boys Basketball

The boys basketball team got off to a great start in 1987. After an opening 61-54 loss to defending section champion Merced, the Rams ran off 17 straight wins before suffering 70-51 thumping by defending SJAA champion Tokay. During the course of the 17 game streak St. Mary's won the Stagg, Napa, and Jesuit tournaments. Ben Rishwain was named Most Valuable Player of the Stagg and Napa tournaments and John Hammer was named M.V.P. at Jesuit. Stagg all tourney honors also went to John Hammer and Glenn Griffin. Jason Wilcox and John Hammer were named all tourney at the Napa and Glenn Griffin and Ben Rishwain at Jesuit. The Rams beat Bellarmine in a heart stopping overtime final game by a score of 80-77.

League play began on Jan. 8th at Edison. In a fast paced game the Rams downed the Vikings for a good starter in league play. After wins over Stagg and Lodi, St. Marys went to Tokay for the showdown. Tokay played well and beat the Rams 70-51. Injuries to John Hammer and Ben Rishwain made things tougher. Our rival Lincoln overwhelmed the Rams 77-61 in a foul filled battle before a packed house at St. Mary's. The Rams bounced back to edge Edison 54-52 to open the 2nd half of league play. J.V. Boys Basketball

The JV Boys Basketball team, lead by head coach, Wayne Judge, started the 1988 season with a bang. The team had a very successful year but lost some close games. On the other hand they won games by last minute endeavors. A good example was when Chris Rishwain threw the ball up in the air with two seconds left in the game and netted it to lead his team to victory. The team members are divided equally between freshmen and sophomores which helps the boys play more as

a whole rather than individuals. The sophomores experience of already playing one year of high school basketball helps the freshmen develop their techniques. If the talent that has been displayed is any indication of what St. Marys boys basketball teams will be like in the future we should expect incredible teams. Good luck to the freshmen who will continue as JV basketball players and the sophomores who will become varsity and train under the coaching of Mr. Gustorf.

It's no great surprise that the 87-88 boys Frosh Basketball team has been so successful. The combination of new talent and a proven coaching staff was destined to add up to something special. The coaching staff, Gary Mancebo and, assistant coach, Joe Poncini never doubted the success of the team commented Poncini "They are an extremely well rounded team with a great attitude." This statement was proved true by the Rams 18-2 record.

Another element of the teams success, aside from work and determination is the fact that they stuck together. At school and practice the team work has come through in the games. The Frosh Rams should obtain the goal of first place this season.

VARSITY GIRLS

The season started out early for the lady Rams as the participating in three tournaments taking place on three consecutive weekends. After the Mira Loma tournament, the Rams were ready for the annual SJJA tournament, in which they lost a clinch to Lodi and went on to take 4th in the tournament. Next weekend . . . Road Trip . . . Griddly, California. This is the 5th year the Rams participated in the tournament in which they've consistently placed in the top 4. This year they beat Skyline to take the 3rd place title. Con-

gratulations Rams.

Now the Rams were faced with the crucial 14 games of league that would determine whether the rams would go to sections or not. "This year's team has potential to finish in the top 3 of league and go to sections", states Coach Stack. "Our goal is to go further than the 2nd round of sections".

The team consists of four guards, junior Darcy Aberle and seniors Deanna Nelson, Inez D'Arcy, and Carrie Betz. Three forwards are juniors Kristen Barr and Lisa

Thomas and sophomore Amy Pagsoligia. The hieght of the team is carried by sophomores Lisa Basso and Veronica Salmeron, and senior Andrea Olivera.

"We are a very young and inexperienced team having 3 sophomores, 3 juniors, and 4 seniors. We have a lot of individual talent that is coming together and starting to play as a well rounded team". The lady Rams will face some tough teams in league play, Lodi, Tracy, and Lincoln. Good Luck Rams.

Varsity Wrestling

This season, thirty hard working teammates showed what the meaning of wrestling is all about. Practicing hard after school for many hours, trying their best to get just those right moves down is where it all begins. Then comes weighing in at their own categories. But working to make that right weight, is one important task that S.M. takes in stride. Then the next step is an even bigger one, meeting their competition. Not getting discouraged, the S.M wrestling team worked

very hard to fight for the top, keeping their eyes fixed on the road ahead.

Sure some of those talented teammates will leave S.M, but those remaining behind, to finish those last years of high school, will build up their strength and sights for next year's wrestling season. So, all of us here at S.M would like to congratulate those hard working wrestlers, and there is no need to worry anymore, because S.M has got what it takes to reach the top!

Girls Varsity Soccer

The St. Mary's Varsity girls soccer team started with a bang. Winning important games such as Tracy and Tokay, the Rams were bound for victory.

This year the girls beat Tracy's girl's soccer team, a victory which the Rams had not had over the Bulldogs yet. Ahead of Tracy by one and behind Lincoln by three, the Rams lost a couple of games in the end to finish a strong second. Coach Bud Foreman said about the games, "We played a lot of good games and won most of them. We lost a couple important ones,

but all in all, we had a good season."

The team's winnings can be attributed to a strong defense and an aggressive offense. Days of hard practice, good attitudes, team unity, and a good coach led the Lady Rams to an impressive comeback from last years season.

Senior player Krista Sisneroz said about the team, "We all started out with a lot of confidence. Winning the first five games really got us pumped up for the rest of the season." And what a season it was! Congratulations Rams!

"The year went extremely well. We played as a team and fulfilled most of our goals. Good luck to next years team!"

Julie Stormes

"We had an awesome year and everyone played well together. I hope next years team is as successful as this years."

Girl's J.V. Soccer

Jenifer Hamon concentrates on scoring a goal.

St. Mary's J.V. womens soccer had an impressive season. Because the team had several inexperienced players, it was a little difficult. Despite the odds, the girls were victorious in several games and had a record season of 2-4-1, an improvement over last year. Coach Kevin Foreman lead the Rams through the season. Louise Sbragia commented, "We had fun and learned a lot." The Rams ended the season with a tie with Lincoln avenging the loss to the Trojans earlier in the season. The season was highlighted by highs and lows but for the most part it was a good year. The J.V. Rams are going to be something to watch next year as varsity players.

This years varsity cheerleaders are among the best S.M. has ever seen. The varsity, along with J.V. and frosh squads won the spirit stick and over all first in their division at summer camp. The varsity cheerleaders are noted especially for thier excellent pyramids. The squad has a great deal of ram spirit, which is partly due to their captian's positive attitude, Renaye Vignolo. They decorate player's lockers and make posters for varsity teams. Most importantly theres a "great feeling of unity among the girls" commented coach Mary Hill, "we take a great deal of pride in our sharpness, spirit, and overcoming the difficulties of pyramids and partner Stunts!"

St. Mary's freshman cheerleading squad is one of three in the league. They practice hard to surmount studies, make dance routines, and be active in sports. Only in it's second year of establishment, the squad has done well in leading a spirited freshman class.

The J.V. squad at S.M. works hard to lead their class in terms of spirit. Head cheerleader Amy Thomas and her squad work hard on learning and perfecting the 80 cheers of past varsity squads, on their partner stunts, and pyramids.

Barbie Willard gets ready to escort Santa in the Sherwood Mall parade.

This years SM Drill team consists of seventeen seniors and seven juniors. Jacki Johnson, Jennifer Jackson, Felicia Barnes, Andi Gibson, and Lisa Murphy are three members of the squad. Their Ram spirit was shown throughout the year at all home games, and at all home rallies. Besides showing fine talent to the Ram fans they also escorted Santa in Stockton for the Sherwood Mall parade. The drill team also performed for the Warriors basketball team. "The drill team has an excellent attitude and has incredible unity within their squad!", states coach Mary Hill.

A grant was awarded to a lucky teacher at St. Mary's last summer. That teacher was Mr. Cardoza. He was offered a grant to study church-state relations along with 29 other teachers from around the country. The American Research Organization received about 1,000 applications, and only 30 people were chosen, one of those being from California. Mr. Cardoza was at George Mason University for ten working days. In those ten days, the group of teachers gathered and listened to government officials about the constitutional issues of church and state separations.

One thing that bothers Mr. Cardoza, is people who do not believe in themselves and who are afraid of failure. Mr. Cardoza's advice towards next years students, is to never be afraid to try. And as in the words of St. Ignatious Loyola, "pray as if everything depends on God, but work as if everything depends on you."

Sister Colette

Sister Colette renewed her contract with Saint Mary's in 1985. She was hired to update the alumni files. So far the search has turned up about 6,500 names of alumni from the class of 1917 to the present.

She graduated in 1929 from St. Agnes High School. She has taught at St. Mary's, Lincoln, and Magnolia schools. She was principal of the old St. Mary's until the school closed in 1956. When the Franciscan Fathers took over St. Mary's she became the vice principal of the new school.

St. Mary's is lucky to have someone as dedicated as Sr. Colette on their staff.

Miss Muller, one of the new teachers making scenes at St. Mary's is directing drama. She gets her strength from the staff, a very supportive family, and the talented students at St. Mary's. She is interested in pulling out the talents of St. Mary students.

In high school she was involved in many clubs. These clubs included French club, Keywanettes, student council, National Forensic's Club, Science club, and the Acappela club. In high school she was taught by St. Mary's own Miss Milhausen. For encouragement she looks up to the rest of the staff and students. Her college career included U.C. Davis and the University of Arkansas. At St. Mary's she hopes to "increase the awareness of the world around her, and communicate thoughts". In drama she hopes to teach, "drama is an art and a learning tool". She is very enthusiastic about St. Mary's. She feels that St. Mary's is filled with great talent. In the fall play *Our Town*, she was very happy with the participation and hopes it continues.

The Leaders of the Pack

1987-88 St. Mary's Student Council shows us their Rambunctious Spirit.

Back: Audree Puzon, Representative to Academic Council, Renaye Vignolo, Secretary, Greg Weaver, Student Body President, Mr. Gherardi, Activities Director. Front: Chuck Natividad, Vice President, Sarah Yang, Treasurer, Wendy Wilcox, Rally Commissioner, Terri Thompson, Election Chairman, Dena Cascario, Robert Livers (not pictured), Rally Commissioners, (not pictured) Kelly Kannberg, Representative to Academic Board.

It was a great pleasure for me to be elected as the 1987-88 student body president. Having been on the council for the past three years I feel that I could do the job with much ease. I was wrong. I had many new responsibilities such as keeping forty five officers quiet during a meeting. Nevertheless with much guidance and support from Mr. Gheradi and help and cooperation from the entire student council I was able to fulfill all of my duties as President and help make this year one of Saint Mary's best ever. The year began with homecoming which was a complete success. This year much emphasis was placed on the night rally due to the fact that the attendance at the night rally has been dwindling during the past few years. Much time and effort was dedicated by moderators, officers, and fellow students in order to make this week such a success. Soon after homecoming the entire student council went on a two day retreat in order to become better friends. This retreat was a success thanks to Mr. Gunty who orga-

nized and lead the entire two days. Next came the Snow Ball (The Christmas Semi-formal) which was also a big success. In addition there were many other events that happened which were also very successful.

This years success was due to the excellent participation from parents, students, administrators, faculty and the student council officers. I feel that the

future years can be just as successful or even better if there continues to be such great participation by everyone. I would like to thank everyone who has helped through the year to make it such a success.

Thank You,
Greg Weaver

Have you tried to find a way to spend your Wednesday afternoons? A great place to find something to do is in room 12. Mrs. Ching and Mrs. Gillmore run the Wednesday afternoon art workshop. The art club at St. Mary's is run on a drop in basis. Since many of the SM student body participate in afterschool sports this is the casual place to be. You can drop in on any Wednesday and work for a while or sit and socialize with talented students. Most students are involved in a variety of projects. Some are working on stained glass, basketry, T-shirt painting, etched glass and whatever catches their eye. Lost on Wednesdays? Try the SM art club for a hand full of paint.

Close by the door,
he paused to stand
As he took his class ring
off her hand
All who were watching,
didn't dare speak
As a silent tear rolled
down his cheek
All through his mind
the memories ran
Of the moments they walked
and laughed in the sand.
But now her eyes were
so terribly cold
He never again would
have her to hold
They all watched in silence
as he bent over down near
To whisper the words
"I love you" in her ear
He touched her face
and started to cry
He put his ring on
and wanted to die
And just as the wind
began to blow
They lowered her casket
into the snow
This is what happens
to many alive
When friends let friends
drink and drive.

Much training and practice is required to be part of a band. A schools band is an essential part of the school, by repre-senting the school at sporting events, ral-lys and some of their own concerts, they promote school spirit. Band is not only great for entertainment, but it is also good for students to show their musical talents. Miss Owens, the band teacher, has been with St. Marys for 5 years, she left for two years, worked on her masters degree, then came back in '87.

There is a possibility for some sort of summer camp for the band students to improve their musical abilities. Maybe if they can work it out, they will go on a tour. But for right now, the St. Mary's band is busy just getting into the groove.

Chris Gough looks for a signal, while the rest sit back and relax at the Christmas concert.

The Blood Bank

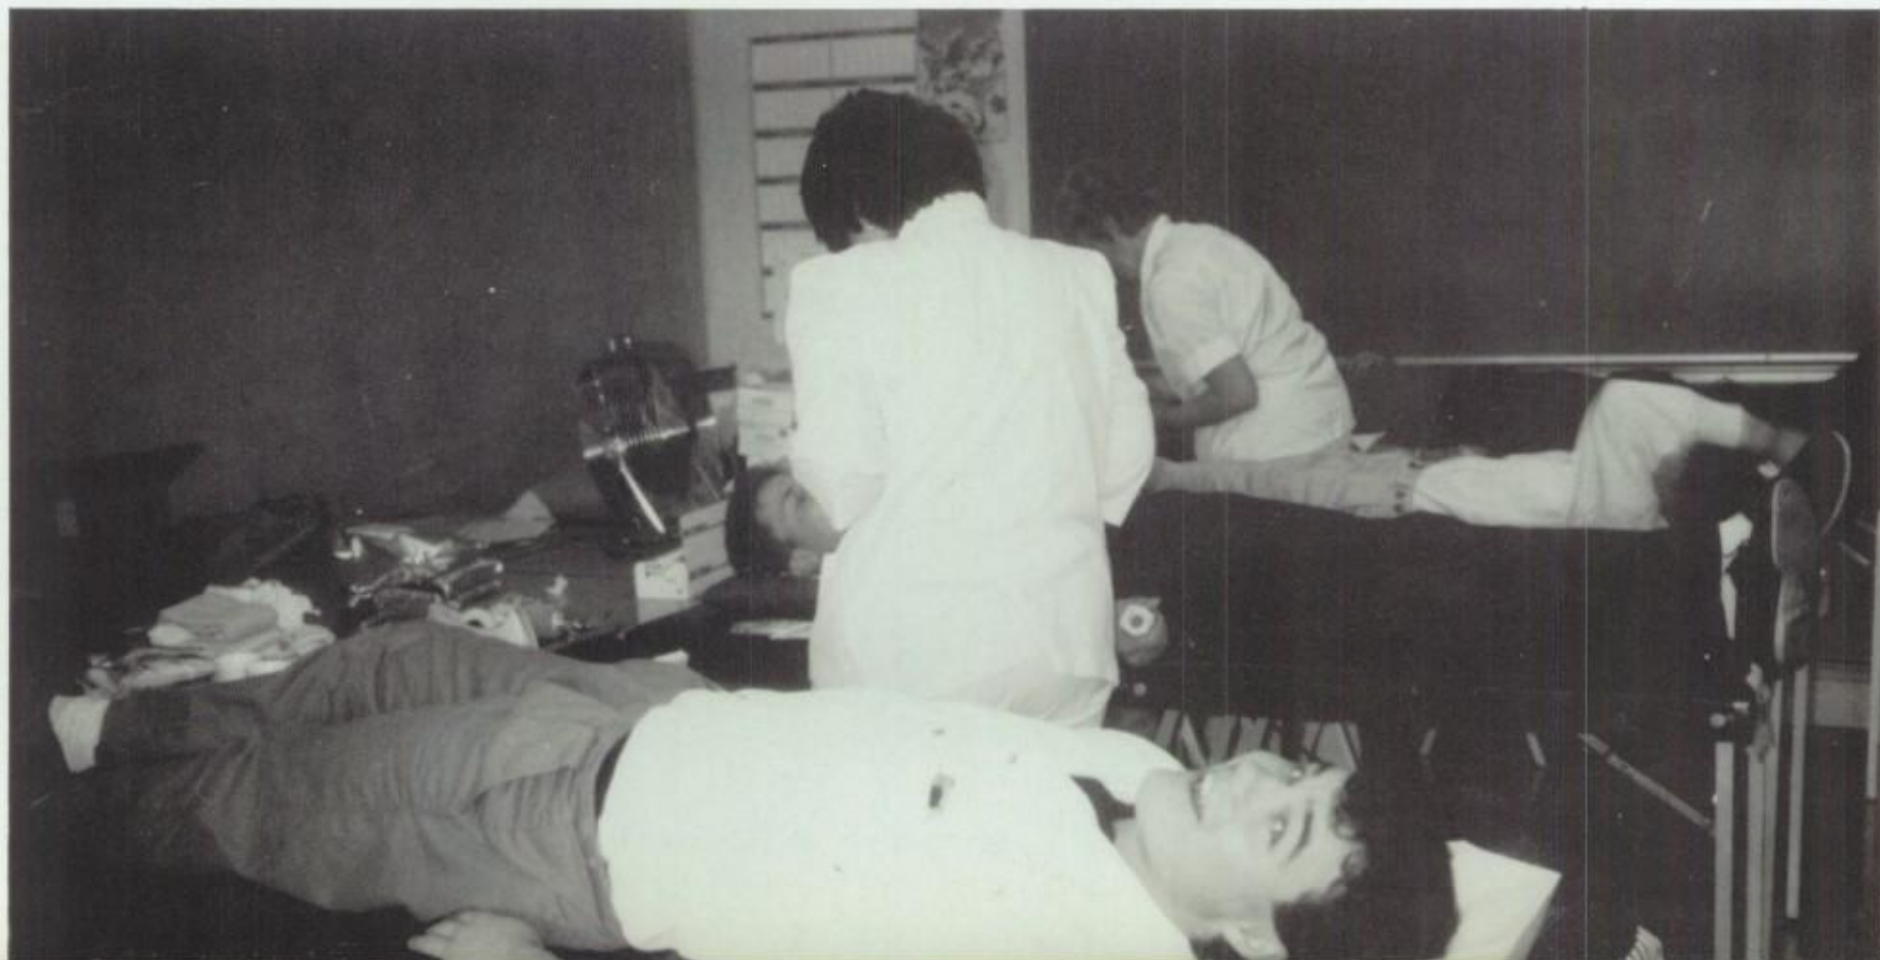

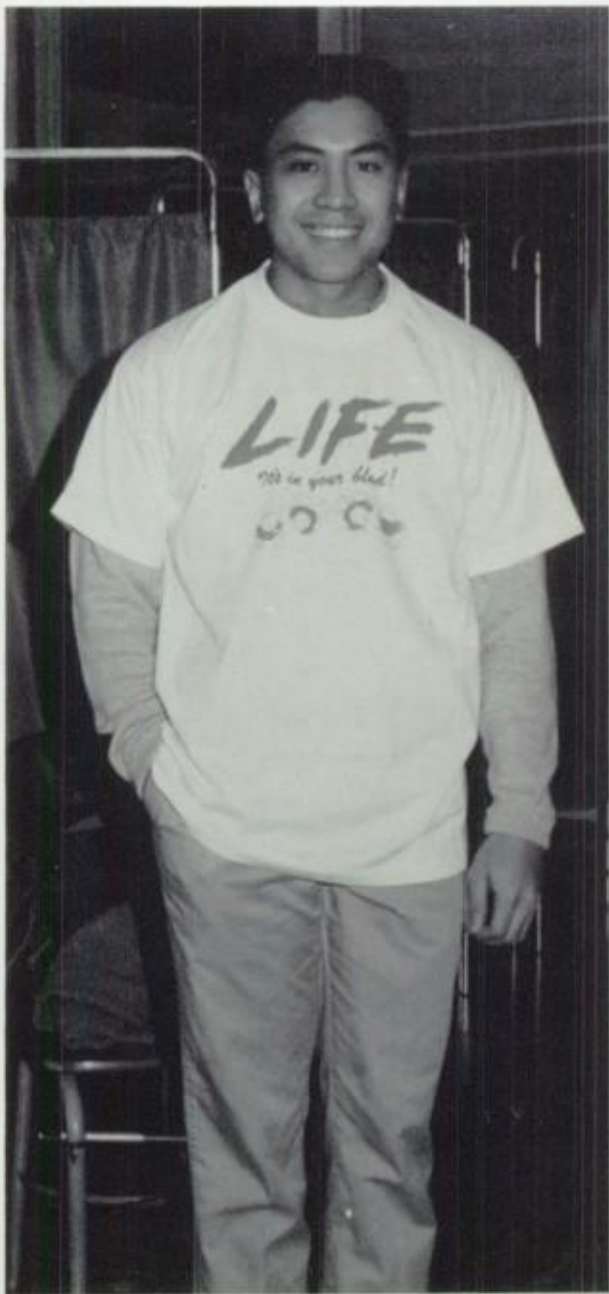

A new tradition for students at St. Mary's is a chance to donate blood to the Delta Blood Bank. Anybody who is seventeen years old and over 110 pounds can donate after school or on weekends. This year was the best year for donations at St. Mary's, the blood bank took in 53 pints of blood. Most students and faculty were scared about donating, nevertheless it was virtually a painless process. Delta Blood Bank proudly thanks all those who donated.

Chris Gough takes control of the beat!!

At the age of 3 Chris' parents informed him that he has the rhythm as a drum player. At age 7, Chris was forced to take violin lessons for two and a half years.

It all started at nine, when Chris received his first drum set as a gift from his parents. Chris has been keeping himself entertained by playing the drums for nine years straight.

Not until Chris' junior year did he join the St. Marys Prep Band and has successfully continued on through his senior

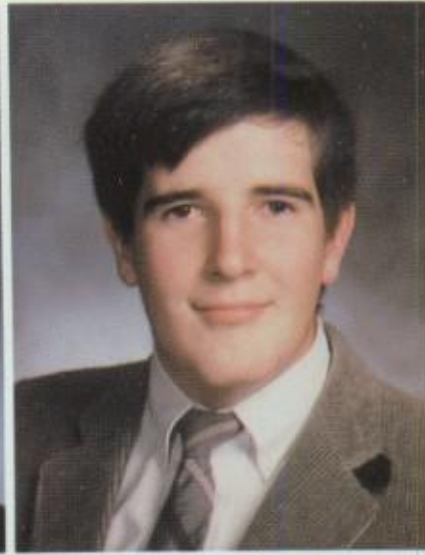

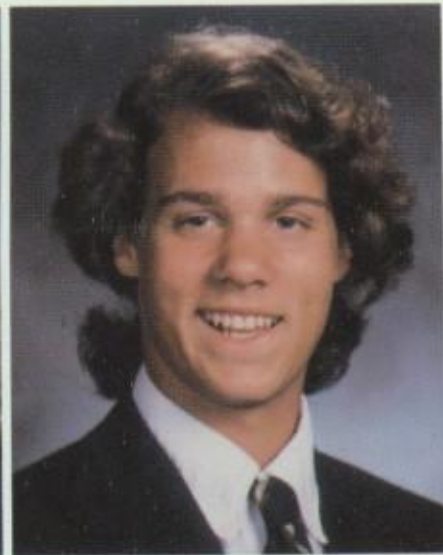

year.

Chris' plans for the future include going to Delta College for two years then onto Sac. State where he will fulfill his dreams on becoming a successful drummer.

Chris admires Phil Collins for his great drum playing and also Neal Peart of the band Rush on his performances.

In all, Chris feels he has grown from violin to drum playing.

Reflections

CLASS OF '89

The class of 1989 reflects upon their Junior year with a feeling of accomplishment. The goal of upperclassmen finally bestowed its privilege and obligations upon us.

Ceremonial privilege such as our traditional ring mass acknowledged our status as upperclassmen. We celebrated our

nearing goal of graduation together as juniors with a blessing of our class by Father Fallon.

The long awaited privilege of off-campus lunch on Wednesdays finally arrived. This mid-week escape for thirty five minutes results in being both satisfying to the appetite but frustrating to the nerves with the fight of El Dorado street traffic to the oasis of Jack in the Box, Taco Bell, or Burger King.

Opportunities of the Junior year started early with the PSAT testing on a Saturday October morning at the 8:15 lock in. This experience proved to be a mind boggling extraction in the areas of Math and English.

A more enjoyable opportunity for the Juniors was the hosting of the Junior-Senior Prom which was exclusively for the Juniors and Seniors only. This rule was strongly objected by us as Freshmen and Sophomores, but as Juniors, we were

quick to uphold its tradition. The Spring formal celebration of adolescence at its peak has always been the highlight of the Junior class. Without exception, the class of 1989 fulfilled the tradition.

The class of 1989 will remember the Junior year of their high school days at St. Mary's as time of sweet arrival.

A QUICK LOOK

Feeling like king for the day sophomore, Chris Visgilo, takes pride in his seat, while Dan Scott sits back.

Sophomores show their stuff with enthusiasm and spirit!

The sophomore class could be considered "the class in the middle of the road." Finally losing the title of freshman, the sophomores feel that they may have taken one giant step, even though they are not quite upper-classmen.

With Drivers Edcation out of the way, the Sophs will now be able to receive their learner's permit allowing them to drive with an adult. Once drivers training is over and they have had their permit for 30 days they are able to take their test.

Having only one more year to go, the sophomores are looking forward to off-campus lunch on Wednesdays. They will be counting the days!!!

Last but certainly not least the Sophomores are also looking forward to their junior year because of the Prom.

WATCH UR GROW

Manuel Sanchez shows what happiness is all about.

The students of the Freshmen class had to go through one of the most difficult changes of their lives the move from Junior High School. After eight long years of climbing to the top of the ladder, the freshmen had to start all over again at the bottom. After being number one and being at the night of their glory, the Freshmen had to get use to being the new kid on the block, trying to be accepted all over again. Their first two weeks of

school were pretty tough. Starting out with a so called initiation into the school, wearing horns on their head. With the help of the Seniors antagonizing them. Along with the embarrassment of the wearing of the horns the freshmen have a feeling of out of place in high school by getting a ride from Mom and Dad..Hang in there Freshmen things will start looking up in about three years . . .

Greg Smith and Elyse Rabb dance the night away.

The Class of \$19.89 Super Senior Special

Three Outfits, 15-20 Poses, for \$19.89

As a member of the graduating class of 1989, you are entitled to special treatment and a special set of prices at Flashbacks Studios this summer.

During the months of July and August, we will photograph you in one, two or three different outfits and produce 15-20 poses for you and your parents to look at, all for only \$19.89, including tax. This is a tremendous discount off our regular price of \$20 per outfit, plus tax.

This special also includes producing your senior portrait for the yearbook. This we do as a free service to all members of the Class of 1989. See you this summer.

Choose from our tuxedos, feather boas, furs and Caps and Gowns

As another year comes to an end, every student at St. Mary's has something on which to look back and by which to remember the year. The 1988 *Cauldron* will be remembered as a great success. Coming into the yearbook class, each one of us had many ideas, good and bad, added to this was the pressure of wanting this yearbook to be something we could be proud of. The student had to change the reputation of the yearbook class and with the help of our teacher, we did it. This staff is very creative and expressive with their ideas. Everyone cooperates and works well together. The results are seen whenever you look at this yearbook. We did our best to picture everyone and we are proud to say that we met most of our goals. In conclusion we hope that you enjoy looking through this yearbook just as much as we enjoyed putting it together!
